SELLING PAPERS

On Bridgeport Streets Prohibited Between 8 P. M. and 4 A. M.—To Safeguard Children.

In the Bridgeport common council the other night, Alderman Gould called from the table an ordinance which was proposed last June by the ordinance committee and tabled, regulating the sale of newspapers and wares upon the streets between the hours of 8 o'clock at night and 4 o'clock in the morning.

At that time, Mr. Gould said that he had intended to have the ordinance taken up earlier, but that when opportunity offered it had slipped his mind. He made a brief argument in favor of the ordinance, pointing out that discretion is given the superintendent of police, that there is no fee for issuing a license, and that there are no children in the streets under pretense of selling papers who are led into bad habits.

A rising vote was taken and the ordinance adopted unanimously. Its text follows:

Be It Ordained by the Common Council of the City of Bridgeport:

Section 1. No person or persons, one year shall upon the streets, highways, alleys or any other public places within the corporate limits of the city of Bridgeport, attempt to sell, exhibit for sale, or have in his or her possession with intent to sell, newspapers, magazines or periodicals.

Section 2. No person or persons shall, between the hours of eight o'clock p. m. and four o'clock a. m., unless there shall have been granted to said person by the superintendent of the police department a written permit licensing said person to sell the above specified articles of merchandise within the hours hereinbefore specified, and unless within said hours said person so licensed shall wear in plain sight, upon the breast, a metal badge, to be issued with said written permit.

Said written permit shall be granted according to the judgment of the superintendent of the police department, and said superintendent is authorized to provide and issue with said permits metal badges, each bearing a suitable inscription, and a number of a size sufficient to make it easily discernible. Said superintendent is hereby further authorized to revoke any permit at any time according to his discretion, and to recover the badge issued thereon.

Section 3. Any person who shall violate any of the provisions of section 1 of this ordinance, or who shall fail to deliver up the metal badge when required to do so by said superintendent of the police department, shall, upon conviction, be fined not more than \$2.00.

NURSE'S BILL

Held Up by Bridgeport Health Board—Cut from \$44 to \$32.

The bill of Miss Anna Peck of Orange for nursing in Bridgeport at the request of the board of health was materially cut down Thursday night at the meeting of the board before it was approved. At least half an hour was taken up in its consideration. The bill as originally rendered amounted to \$44.50, but was cut down to \$32.

Miss Peck was engaged to come to Bridgeport from Orange to take care of a scarlet fever patient in the family of Frederick Spellman on Main street.

Two other cases developed, but after she had been in Bridgeport nine days it was decided by the board that they could not stand the expense, so she was told she was employed no longer. But even before she had received this word she was taken ill and had to be taken to the city hospital, where she insisted that a nurse be engaged for her. She was ill there a week with erysipelas.

In her bill to the city she charged them with ten days' services at \$4.25 a day, and included in it a bill of \$1 for laundry. The board thought that at \$30 a week she ought to be able to pay for her own laundry as well as the expense she had put the city to for a nurse at the isolation hospital. So it was all carefully figured out and then decided upon the motion of Commissioner Lawson to reduce the bill by \$12.50, after which it was approved.

To Bar Automobiles.

In his efforts to better the car service at the corner of Church and Chapel streets, New Haven, and to eliminate the congested condition of traffic there, it is understood that Mayor Ross will issue an order in a short time to the effect that all automobiles, together with other vehicles other than trolley cars, discontinue passage through the junction of the two thoroughfares, except in cases where to go through there would be an absolute necessity. For some time the mayor and Chief of Police Cowles have been studying the situation in the hope of striking a solution for the improvement of matters at the central corner.

Caught Cold!

How often it happens that serious illness, and sometimes death, is directly traceable to a common cold. After it is too late, what would we not give to have checked the cold at the start, when it would have quickly yielded to simple home treatment.

One of the most effective remedies for coughs and colds is made by mixing two ounces of Glycerine, a half-ounce of Virgin Oil of Pine compound pure and eight ounces of pure Whiskey. These can be bought in any good drug store and easily mixed in a large bottle. It is claimed by the Leach Chemical Company, of Cincinnati, who prepare the genuine Virgin Oil of Pine compound pure, that a teaspoonful of this mixture four times a day will break up a cold in twenty-four hours and cure any cough that is curable.
